Disav

**Perhaps we're all
just fish out of water.**

There's something about water that attracts us all. We splash, wash, swim and play in water. It brings a smile to our face, it relaxes us, it invigorates us, it washes away the dirt and stress.

At Delta®, we take the daily routines and enhance them. We don't just deliver water through our products, we transform it so it can transform you. Enjoy.

Smart features are easy to find.

From DIAMOND™ Seal Technology to water-efficient products, these simple icons make it easy to identify a product's features at-a-glance throughout the catalog.

DIAMOND Seal Technology

EZ Anchor®

MagnaTite® Docking

Multi-Flow™ Technology

Water-Efficient Product

Kitchen Faucets: flow rate of 1.5 gpm or 1.8 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm and meet CALGreen standards.

Lavatory Faucets: flow rate of 1.5 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm and meet CALGreen standards.

Showerheads and Handshowers: flow rate of 1.5 or 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm and meet CALGreen standards.

**Making a difference
one faucet at a time.**

As a committed partner of the EPA WaterSense Program in helping to protect and conserve our nation's water supply, we are humbled and grateful for being recognized, once again, as their Manufacturer Partner of the Year.

WaterSense® Labeled Product

More than 80% of Delta® bath suites feature showerheads, handshowers and faucets that meet WaterSense requirements.

WaterSense® is a registered trademark of the U.S. Environmental Protection Agency.

Compliant with State and Federal drinking water legislation.

A full spectrum of finishes.

Delta faucets are available in a variety of finishes that add warmth, texture, depth, and color to your kitchen and bath.

YOUR KITCHEN I.D.

Whether you can whip up a bouillabaisse with your eyes closed or have enough take-out menus to paper the living room, at some point, you'll have to face the sink.

TAKE THE QUIZ >

SHARE THIS:    

Turning ideas into reality.

We all have our ideas of what our ideal kitchen and bath might look like. And while some dreams are grand, turning them into a reality is what we ultimately dream of doing. At Delta®, we are more than happy to help you envision and realize your dreams with inspiration, tips, products and more.

Inspiration is just a click away.

Discover your kitchen personality, browse kids' bath design ideas, learn how to decorate your bath in a French Farmhouse style, or read about smart new faucet inventions. You can do all of this and more in our Inspired Living section of our website. Visit us today at deltafaucet.com/inspiredliving for your daily inspiration.

HOW NORMAL ARE YOUR BATHROOM HABITS?

Smart Inventions

PIZAZZY PLUMBING THAT CAN CHANGE YOUR LIFE

Picture-perfect results every time.

Want to know what your new Delta kitchen or bath faucet will look like in your home? The Delta Vision app allows you to choose your faucet, take a photo of your sink/counter, and see what it will look like in your kitchen or bath.

**Today we're making memories
and an occasional cookie.**

What you're making isn't important. Who you're making it with is what counts. We gather around the kitchen not only for the food but for the conversations. And amongst the chatter, we're there to help cook, clean and wash away the crumbs—but never the memories.

We make working in the kitchen feel less like work.

We didn't set out to build just another kitchen faucet. We wanted to create faucets that met all of your demands in the kitchen and wouldn't miss a beat... ever. The results are faucets that provide years of convenience, durability, efficiency, reliability and, of course, beauty. It's no wonder Delta® faucets are the #1 selling pull-down faucet brand¹

#1 SELLING
PULL-DOWN FAUCET BRAND 

TOUCH2O® TECHNOLOGY:

With the faucet handle in an on position, a simple tap of the faucet allows you to easily turn on and turn off the water. If your hands are messy, you can use your wrist or forearm. Or if you're a 10-year-old boy, your forehead can do the trick too.

DIAMOND™ SEAL TECHNOLOGY:

We wanted our faucets to be leak-free for a long time. So we started with a material that would last forever, diamonds. Diamonds are a faucet's best friend, too.

MAGNATITE® DOCKING:

This attractive feature uses a powerful magnet that keeps the pull-down spray wand firmly in place when not in use.

17,000

Times kitchen faucet
is turned on per year.²

¹Based on 2009 to 2012 Plumbing Manufacturers International Data.

²California Statewide Utility Codes and Standards Program—
CASE Team Analysis (2013).

³Alliance for Water Efficiency, Home Water Works. (2011)
<http://www.home-water-works.org/indoor-use/faucet>

6,970

Gallons of water kitchen
faucet uses annually.³

500,000

Number of Touch2O faucets sold.
And counting.

The hardest part is choosing.

Whether your kitchen is modern or traditional, or sleek or rustic, or anything in between, you're sure to find the perfect faucet from our diverse collection of kitchen faucets.

A touch of brilliance.

Thoughtfully designed to make kitchen tasks easier, Touch2O® Technology allows you to turn the faucet on and off with just a touch—anywhere on the faucet's spout or handle. It was the first innovation of its kind on the market, and now offers more styles, finishes and options than ever. Choose a Touch2O faucet for your kitchen and discover how a touch can change everything.

**Today it's your paradise.
Tomorrow it's the kids'
splash park.**

Sometimes it's good to take a step back and a step into a warm, welcoming bath. As the water envelops your body, you close your eyes and dream of sunshine, warm sands and ocean breezes. On other occasions, the bath is host to bubbles churning, kids giggling and mothers wiping away the day's dirt from their soft faces. The bath is just a vessel but fill it with flowing warm water and it becomes a favorite retreat.

BATH

The perfect combination of beauty and brains.

Some of our innovations you can see. Others you can feel. And some you never even know are there. But together, they make your bath experience more relaxing, refreshing, convenient and lasting.

49%

Percent of water use in the
home is in the bathroom.²

TOUCH2O.XT™ TECHNOLOGY:

Convenience just got even more convenient. Touch it on. Touch it off. Or go hands-free. Your hands will be washed and your faucet will stay cleaner.

WATER-EFFICIENT PRODUCTS:

Our water-efficient faucets and showers help conserve water by providing a lower flow rate.

³EPA. WaterSense. Turn Off the Tap! (2014)
<http://www.epa.gov/WaterSense/kids/tap-off.html>

1500 BC

First bathtub dates back
this far.¹

3,000

Gallons of water saved per
year if you turn off water
while brushing teeth.³

Pick your pleasure.

With many collections and series to choose from, Delta® can turn your dream bath into a reality. From bold, modern looks to classic, traditional styles, Delta offers you plenty of choices to complete your personal sanctuary for peace and relaxation.

Let us get that for you.

Never again will you have to remind the kids to turn the water off. Just like our Touch2O® faucets, you can turn Touch2O_{xt} faucets on and off with just a touch—but we didn't stop there. The faucets can also be turned on and off hands-free. Simply place your hands under the faucet to turn it on and remove them to turn it off. That way you won't be wasting water between tasks—like washing your hands, brushing your teeth or being forgetful.

While DÉCOR Assist products meet ADA load requirements,
they are not ADA-compliant due to size standards.

Life can wait. You're busy.

Like rain drops, the water dances off your shoulders and back, massaging out all your concerns. It will turn you into a morning person as you jump from your bed. The water rains down upon you, it pulsates from the sides, it splashes off your feet, it invigorates, it relaxes. Ultimately, it makes you wish there were more time to enjoy moments like these.

SHOWER

**Prepare to be amazed.
And relaxed.**

Through many years of research and innovation, Delta® products have revolutionized the shower experience. But don't take our word for it. Try it for yourself. And enjoy a shower unlike any you've ever had.

H2OKINETIC® SHOWERS:

Feels like more water without using more water. It's not magic. It's the unique wave pattern of the H2Okinetic showerhead that creates the illusion of more water.

MULTICHOICE® UNIVERSAL VALVE:

Change the style or water function without having to mess with the plumbing behind the wall. The only hard part is choosing which function and style to go with.

HYDRACHOICE™ BODY SPRAY SYSTEM:

The HydraChoice Body Sprays are recessed and pop out when the shower is turned on. The HydraChoice Body Spray System lets you decide the angle of the spray by adjusting it 50° in any direction for the ultimate shower experience.

52%

**Percent of people who
sing in the shower.***

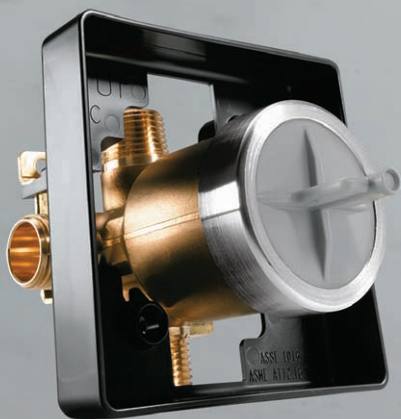

A person is shown from the chest down, holding a bar of soap under a shower. Water is spraying from two faucets on a tiled wall. The scene is captured in a high-contrast, artistic style with water droplets visible in the air.

101

Preferred temperature
(°F) of average shower.*

341

World record number of
hours spent showering.*

One rough. Unlimited trim options.

The MultiChoice® Universal Valve allows you to switch or replace shower fixtures without having to worry about the plumbing behind the wall. Once the MultiChoice Universal Valve rough-in is installed, you can easily switch handle trims and shower function cartridges within minutes rather than hours.

Depending on the shower function cartridge, you can maintain consistent pressure, volume and temperature for added safety, giving you a perfect shower experience every time. It's that easy with the MultiChoice Universal Valve.

SINGLE-FUNCTION PRESSURE-BALANCED— Control Temperature

- Single control for temperature only
- Temperature is achieved by balancing the pressure of hot and cold water*
- Cartridge included with all Monitor® 13 and 14 Series shower trims

DUAL-FUNCTION PRESSURE-BALANCED— Control Temperature & Volume

- Control temperature and volume independently
- Temperature is achieved by balancing the pressure of hot and cold water*
- Temperature can be set to remain consistent shower after shower
- Cartridge included with all Monitor 17 Series shower trims

DUAL-FUNCTION THERMOSTATIC— Control Temperature & Volume

- Control temperature and volume independently
- Keeps precise water temperature ($\pm 3.6\%$) by measuring, monitoring, and automatically adjusting the water mix
- Temperature can be set to remain consistent shower after shower
- Cartridge included with all TempAssure® 17T Series shower trims

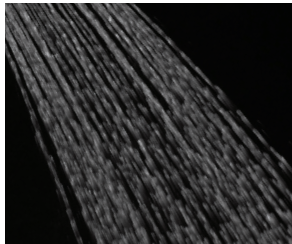

*When the inlet temperature limit stop is set correctly, and the water inlet temperature remains constant.

**Relax, invigorate, escape—
the choice is yours.**

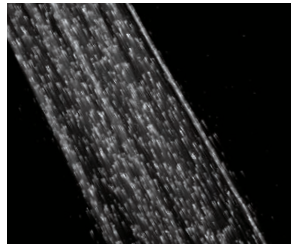

And you thought deciding on a style would be hard. Along with plenty of shower styles, Delta® also offers many spray patterns to satisfy all your wishes. Admire the looks and savor the experience of your next shower.

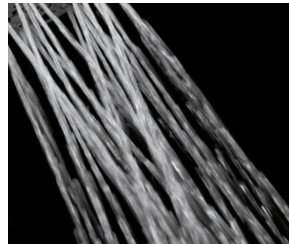

Look for these icons in the bath and shower sections to determine types of spray settings.

Adjustable Full Body Spray (AF)
Adjust the water flow for a harder or softer spray.

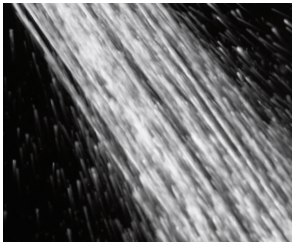

Adjustable H2Okinetic® Spray (AH2O)
Allows for full flow or water-efficient spray.

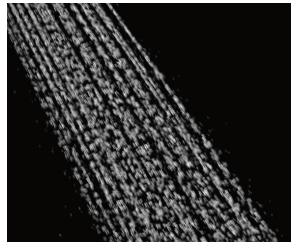

Crossing Full Spray (CF)
Consistent pressure from all spray holes with crossing streams for more coverage.

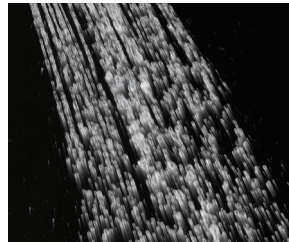

Crossing Full Spray with Massage (CFM)
Coverage of crossing full spray with addition of a soothing, pulsating spray.

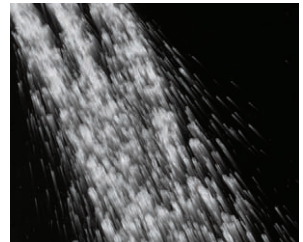

Fast Massage (FM)
Strong, pulsating spray.

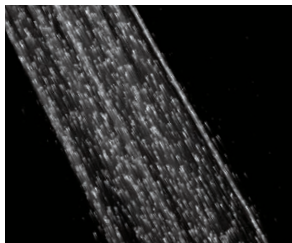

Full Body Spray (FB)
Consistent pressure from all spray holes.

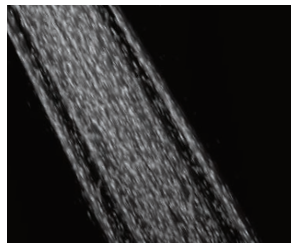

Full Spray with Massage (FSM)
Consistent pressure from outside spray holes, plus soothing, pulsating spray.

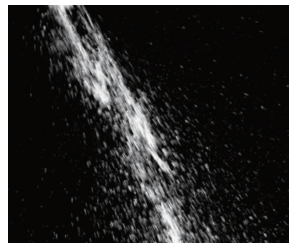

High-Efficiency Spray (HE)
Provides full coverage and feels like greater water pressure at lower flow rates.

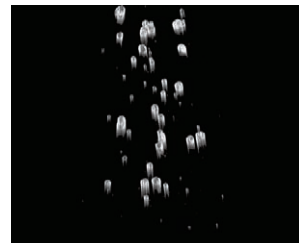

H2Okinetic Spray (H2O)
Large drops and dense, wide spray pattern create a blanket of water.

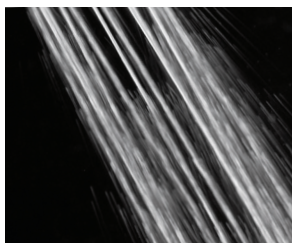

H2Okinetic Spray with Massage (H2OM)
Large drops and dense spray pattern, plus a pulsating spray.

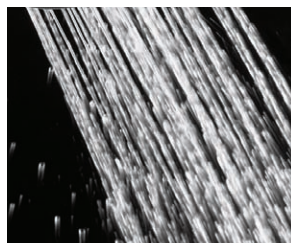

Massage Spray (M)
Soothing, pulsating spray.

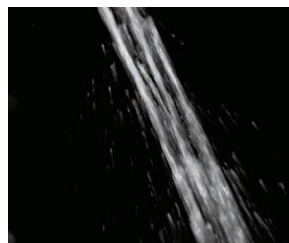

Pause (P)
Reduces water flow to a trickle.

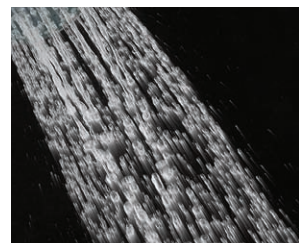

Shampoo Rinsing Spray (SR)
Strong, full body spray.

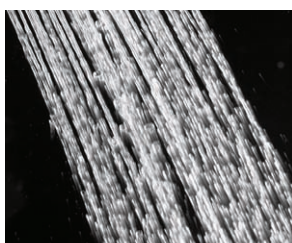

Shampoo Rinsing with Massage (SRM)
Strong, full body spray plus a pulsating spray.

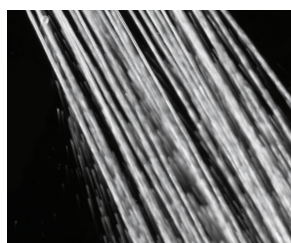

Slow Massage (SM)
Soothing, pulsating spray.

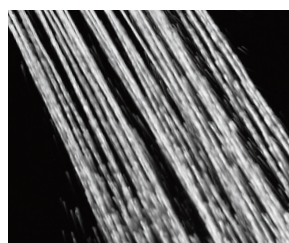

Soft Drench Spray (SD)
Soft, aerated, soaking flow of water.

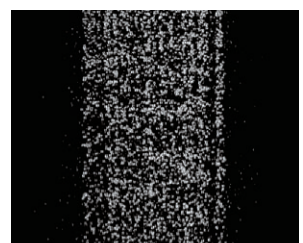

Soft Drench with Full Spray (SDF)
Soft, aerated, soaking flow of water with additional sprays to provide fuller coverage.

Soft Drench with Massage (SDM)
Drenching full spray plus a pulsating spray.

Soft Full Spray (SF)
Soft, consistent pressure from all spray holes.

Soft Rain Spray (SRS)
Gentle fall of water that feels like a soft, spring rain.

Delta® is committed to sustainability and is providing smart water delivery solutions that maximize water savings without sacrificing comfort and convenience. Our commitment to sustainability extends to waste reduction and the preservation of natural resources and the environment. That's why we choose to print on Forest Stewardship Council (FSC) certified paper.

Lithographix, Inc.

Lithographix is ISO 14001 certified and generates 30% of its energy from 2,248 rooftop solar panels. Please help us preserve our planet by recycling this catalog when finished. The paper was made and printed in the United States.
